<b>Dimensions:</b>	84" L x 24" W x 76" H (213 L x 102 W x 193 H cm)
<b>Weight:</b>	Net 400 lbs. (150 kilos)
<b>Ship Weight:</b>	500 lbs. approx. (190 kilos)
<b>FOB:</b>	Napa, California

#### Why this machine will work for you:

All Simplex machines are recognized as a **World Standard** for liquid filling. The Simplex Model 400a is an **accurate, in-line automatic**, pressure filling machine. Our **precision engineered system** handles a wide variety of product applications adapted to each customer's specific needs. Food, foaming detergents to semi-viscous oils the 400a is designed with a lift automated conveyor system. The 400a is a unique design, permitting **quick change over** from one container to another. The 400a is very **reliable**. This **Multi Head In-Line Pressure Filling** machine is **durable, economical, and versatile**, especially with our **Siemens Logo™ Control System**. All contact points are constructed of USDA approved materials making it useful for many more applications.

#### Components Included:
